

School District Goals and Objectives

In keeping with its beliefs that all students can learn and achieve academic success, the Board will establish and periodically review the district's Vision and Belief Statements which define the district's educational objectives.

VISION

In the pursuit of a superior, quality education for all, Mapleton Public Schools focuses on academic excellence through a partnership with educators and community.

GOALS AND OBJECTIVES

By September 1 of each year, the Board shall develop annual goals for the district. The district's administration shall then develop objectives to implement these goals by a date to be determined by the Board.
